SECTION II.

SPADES & DRAINING TOOLS.

Our Cast Steel Faced Spades and Draining Tools have a full weight of best Crucible Cast Steel, welded by means of a Chemical Flux on the front of each. Tools so made are superior to all others, as they are extremely durable, carry a bright surface in use, and retain a keen edge to the last.

Scythes only	36	42 in.
					40/-	43/-	per dozen.
Sneads	44/-	44/- "
Scythes and Sneads complete	84/-	87/-	"

ADVANTAGES.

Nothing complicated, so cannot get out of order. In use as rigid as an ordinary scythe, with the great advantage of adjustability. Readily adjusted to suit any style of mowing. By one movement the edge is lowered or raised, and by another movement the sweep of blade can be altered, bringing same to the desired distance in or out.
